KEPLER

Introduction

KEPLER is Pakistan's finest manufacturer of copper pipe, coil and fittings supplying the needs of HVAC and Refrigeration Industry including medical and plumbing uses. Kepler has built a reputation over the years for making quality tubes and pipes conforming to ASTM standards with high grade copper.

BENEFITS

Excellent corrosion resistance

High thermal conductivity

Excellent joining properties

High strength and ductility

Long lasting and maintenance free

Wide range of sizes

Abrasion-free

APPLICATIONS

- Underground water and gas services
- Water distribution systems
- Drainage and vent systems
- Chilled water mains
- Drainage and vent systems
- Oxygen systems
- Fuel-oil systems
- Non-flammable medical-gas systems
- Heating systems (including solar)

KEPLER has a broad range of copper tube products to meet all plumbing and Drain Waste Vent applications. KEPLER has all types of copper tube:

- Type K (Has thicker wall thickness than Type L)
- Type L (Has thicker than wall Type M)
- Type M (Has thins walls)

Uses:

- Type K: service lines, general plumbing, heating
- Type L: general plumbing, low pressure steam heating and return lines
- Type M: interior plumbing purposes, sanitary lines and non-pressure applications

Made to applicable ASTM standard B88

*Custom sizes and tempers are available upon request.

**O.D. and weight may slightly change during production.

KEPLER copper tube provides required strength and precision and rigorous testing at extreme temperature conditions makes it ideal for HVAC and refrigeration applications. KEPLER copper tube is pressurized with nitrogen to prevent the formation of harmful oxides during brazing operations. We also pack them with utmost care to ensure highest level of protection.

Recognized to 700 PSI (select diameters)
Made to applicable ASTM standard B280

COPPER PANCAKE COIL

Kepler Copper Coil provides ideal heat transfer characteristics where coiling is a required. Options available include light annealed, soft temper and hard temper. Kepler Copper Coil is manufactured in varying wall dimensions and diameters

Features

- Heat proof
- Superior surface finish
- Corrosion-free
- Abrasion resistance

Packaging of Pancake Copper Tube/Copper Tube Coil

KEPLER coils are packed and labeled according to the regulations and customer's requests. Great care is taken to avoid any damage which might be caused during storage or transportation.

Made to applicable ASTM standard B743
